

Walls and Ceilings Contractors Insurance/EIFS

- Announcing our new website...www.eifsinsure.com!!
- All your work covered, including **EIFS**, both commercial AND residential
- Carriers compete for your business
- Affordable rates

I'm pleased to announce our new website, which is the most extensive site in the industry geared towards walls and ceiling contractors who work with EIFS.

Also, see the article "Quest for Insurance" in the March edition of Walls and Ceilings magazine. Some of the challenges faced by contractors around the country are addressed.

Having the right coverage means being at the top of every General Contractors "A" list.

Avoid the other programs out there offering "claims made" coverage, or carriers not rated by AM best. Come over to the EIFS Insurance expert.

Worried about working with an out of state brokerage?

Don't be. We have free online access through our secure site, giving you your own portal to:

- Request Certificates
- Make changes
- Access previously requested certificates
- Correspond with our team

Of course, our friendly and experienced staff is there to assist you.

Get Coverage While Remaining Competitive

- Bodily Injury and Property Damage Liability
- Products & Completed Operations
- **All EIFS work covered regardless of substrate**
- Occurrence Form
- Employers Liability
- **Low Deductible**
- Additional Insured 11/85 Equivalent
- Waiver of Subrogation
- **Excess limits as high as 10,000,000**
- A- IX or above carriers
- MOLD Coverage now available
- Professional Liability
